## REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY) and compiled by the Resource and Project Team. Disorder data is derived from the Computer aided Dispatch (CAD) system.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was reported, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults). Also note that “attempted” offences are included in these totals. Violent crime offences, excluding robbery, are counted by the number of victims, using the most serious offence against the victim. Robbery, and all non-violent are counted at the incident level, using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year. Cases “cleared by charge” and those “cleared otherwise” are included in these clearance rate totals.

For a more detailed explanation of the offence counting procedure, please contact Corporate Data and Analytics, Bureau of Service and Community Support.

<sup>1</sup>Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. <sup>2</sup>Robbery is counted at the incident level, rather than at the victim level in accordance with Uniform Crime Reporting counting standards. <sup>3</sup>The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

NOTE: Disorder reported here includes only publicly generated calls. Dispatched, advised and callback calls are included.

Please note that there has been an update to the methodology for disorder going forward into 2023, involving the removal of threats and the filtering of online reports to only include mischief violations. Disorder counts will therefore not be directly comparable to previously published disorder reporting. <sup>1</sup>Mental Health Concern includes calls coded as a mental health concern or mental health warrant and does not reflect all calls relating to mental health. <sup>2</sup> Roughly half of Property Damage calls result in Criminal Code reports, which are counted mostly within 'Other Property Crimes'. <sup>3</sup> The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five-year period.

<sup>1</sup>Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit.

<sup>2</sup>Robbery is counted at the incident level, rather than at the victim level in accordance with Uniform Crime Reporting counting standards.

<sup>3</sup>Phase One of Bill 21 took effect Dec 1, 2020 and has resulted in a significant reduction in impaired offences under the *Criminal Code* as most first time impaired drivers will be subject to only an IRS:FAIL (the specific administrative penalty under the *Traffic Safety Act* for criminal level impaired driving offences), unless the incident results in death or serious bodily harm or other significant aggravating factors in which case criminal charges should also be pursued.

<sup>4</sup>This represents the number of persons reported missing, not the number of outstanding missing persons. Roughly 99% of persons reported missing to Calgary Police Service are located.
