## Executive Summary

- There were five homicides during the 4<sup>th</sup> Quarter of 2022, a 32% reduction from the five-year average. By the end of 2022 there had been 27 homicide victims, up slightly from the average, and up from the 21 recorded in 2021. Four of the 27 homicides in 2022 were domestic-motivated.
- Reported sexual offences decreased 14% from average in the 4<sup>th</sup> Quarter and were in line with average by year end.
- Assaults were at average levels during the 4<sup>th</sup> Quarter, although, when compared to average, assaults with a weapon or causing bodily harm and assaults against peace officers increased during the Quarter. Assaults were 5% higher than average for 2022.
- The presence of weapons in violent crime dropped slightly during the 4<sup>th</sup> Quarter. The presence of firearms registered a 21% reduction for the Quarter, although by year-end the total increase was 30% higher than average.
- Robberies overall trended downwards in the 4<sup>th</sup> Quarter. At the end of 2022 robberies were back down to average levels, following a mixed year of elevated volumes in the first half of the year and large reductions in the second half.
- The number of victims of domestic violence dropped 10% from the 5-year average during the 4<sup>th</sup> Quarter, ending the year at 9% below average levels. Reports of domestic conflict increased by 9% over average.
- Property crime volumes had begun to rise during the first half of the year following the significant lows recorded during the pandemic. The second half of the year reflected a dropping off, with the 4<sup>th</sup> Quarter being 13% lower than average. By the end of 2022, property crime volumes were aligned with average. Break & enters of dwellings were 38% below average and commercial break and enters were 22% below average levels during the 4<sup>th</sup> Quarter. Vehicle thefts were down 11%.
- The number of young offenders identified was 24% lower than the five-year average in the 4<sup>th</sup> Quarter; with the reduction in property crime involvement driving the overall decrease with a 55% reduction. The number youth offenders identified in violent crime dropped 11% from average.
- The total number of police service requests was 11% lower than the five-year average in the 4<sup>th</sup> Quarter; Citizen use of the online reporting system grew by 23%. During the 4<sup>th</sup> Quarter police attended an average of 923 calls a day. Online citizen reports averaged 46 per day.
- There was a 9% reduction in calls about disorderly behaviours in the 4<sup>th</sup> Quarter. Calls about mental health concerns, unwanted guests, threats and disturbances increased. By year-end Disorder was 4% lower than average. Disorder calls accounted for an average of 263 calls a day from the public in 2022.

## REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY). Disorder data is derived from the Computer aided Dispatch (CAD) system. Data is compiled by the Corporate Data and Analytics Team of the Bureau of Service & Community Support.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was *reported*, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults). Also note that “attempted” offences are included in these totals. Violent crime, excluding robbery, is counted by the number of victims, using the most serious offence against the victim. Robbery, and all other crime, is counted by incident using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year. Cases “cleared by charge” and those “cleared otherwise” are included in these clearance rate totals.

For a more detailed explanation of the offence counting methodology, please contact the Corporate Data and Analytics Team (Bureau of Service & Community Support).

Source: Sentry, February 2023; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

<sup>1</sup> Violent crimes are counted at the victim level using the most serious violation against each victim in an incident. <sup>2</sup> Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. <sup>3</sup> Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident. <sup>4</sup> Missing persons are counted by the number of missing individuals.

<sup>1</sup>Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. <sup>2</sup>The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

<sup>1</sup>Includes Online Citizen Reports (OCR). OCR allow for reporting of low value property damage/theft (incl. shoplifting) and property lost/found. Not all OCR submitted are entered into the police records management system.

<sup>2</sup> Attended calls for service, excluding callbacks.

<sup>3</sup> Calls for service included in the "Mental Health Related" sub-category in this section include calls specifically coded as a mental health concern or mental health warrant. It is important to recognize that any call police are asked to attend may involve some element of mental health concern, even though they are not coded as such. Calls in this sub-category are not limited to public-generated calls as on the Disorder section of this report, as a result the numbers will not align between report sections.

<sup>4</sup>Number of calls for service where weapons have been mentioned/observed by the caller but are not yet verified by police.

<b>TOTAL DISORDER</b>	<b>24448</b>	<b>21033</b>	<b>23072</b>	<b>-8.8%</b>	<b>103047</b>	<b>96116</b>	<b>99828</b>	<b>-3.7%</b>

NOTE: Disorder reported here includes only publicly generated calls. Dispatched, advised and callback calls are included.

<sup>1</sup> Calls for service included in the “mental health concern” component of social disorder are only those calls from the public which are specifically coded as a mental health concern or mental health warrant. It is important to recognize that any call police are asked to attend may involve some element of mental health concern, even though they are not coded as such. This applies particularly to calls about suicide, missing persons or check on welfare, which are not included in this data as they are not considered social disorder. <sup>2</sup> In June 2020 a change to event type coding resulted in the removal of Landlord/Tenant and Neighbour Dispute event subtypes. Calls to events involving these types of disputes are now coded according to the nature of the dispute rather than the relationship between the parties. Some may be represented in other event subtypes within Disorder such as Disturbance, Unwanted Guest, or Property Damage, while others may be coded as Keep the Peace or Assault and as a result would no longer be included in Disorder.

<sup>3</sup> The majority of Property Damage calls result in *Criminal Code* reports, which are counted under 'Other Property Crimes'. <sup>4</sup> The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five-year period.

Source: Sentry, February 2023; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

<sup>1</sup>Violent crimes are counted at the victim level using the most serious violation against each victim in an incident.

<sup>2</sup>Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. <sup>3</sup>Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident.

<sup>4</sup>A change made to the way in which bail violations and failures to appear/attend violations in 2017 makes the numbers for these categories non-comparable across the five-year period.

<sup>5</sup>Missing persons are counted by the number of missing individuals.

<sup>6</sup>**\*\*NEW\*\***Provincial Bill 21 introduced new sanctions for impaired driving offences under the Provincial Administrative Penalties Act (PAPA) on December 1st 2021. See page 14 for additional detail on provincial Immediate Roadside Sanctions (IRS) for impaired driving. The implementation of the new provincial legislation (Provincial Administrative Penalties Act) has resulted in a significant reduction in impaired offences under the Criminal Code as most first time impaired drivers will be subject to only an IRS:FAIL (the specific administrative penalty under the Traffic Safety Act for criminal level impaired driving offences), unless the incident results in death or serious bodily harm or other significant aggravating factors in which case criminal charges should also be pursued.
