1st Quarter 2023
Statistical Report

Compiled by: Corporate Data & Analytics
Bureau of Service & Community Support
© Calgary Police Service 2023

Executive Summary

- There were three homicides during the 1st Quarter of 2023, a 38% reduction from the five-year average. None of the homicides year-to-date were domestic-motivated.
- Reported sexual offences decreased 6% from average in the 1st Quarter. This year saw a high volume of sexual assaults involving a weapon or causing bodily harm, although a similar volume was also noted in the 1st quarter of 2022.
- A 7% increase of assaults was noted in the 1st quarter compared to average with noteworthy increases of assault against peace officers and aggravated assaults. The 1st quarter of 2023 saw a similar volume of assaults compared to the same quarter in 2022.
- The presence of weapons in violent crime increased 7% in the 1st quarter driven mostly by an increase of verbal threats and the use of other weapons.
- There was an average volume of robberies in the 1st quarter with most robbery types noting declines, with the exception of a 20% over average increase of person robberies.
- The number of victims of domestic violence declined 8% from the 5-year average in the 1st Quarter. Reports of domestic conflict increased by 6% over average.
- Property crime volumes were average in the 1st Quarter of 2023 with notable declines across most Break & Enter types as well as a 17% reduction of vehicle thefts.
- The number of young offenders identified fell in line with the five-year average during the 1st Quarter with property crime involvement the only noteworthy increase (+10%).
- The total number of police service requests was 3% lower than the five-year average in the 1st Quarter; Citizen use of the online reporting system grew by 100%. During the 1st Quarter police attended an average of 986 calls a day. Online citizen reports averaged 71 per day.
- There was a 5% reduction in calls about disorderly behaviours in the 1st Quarter. Similar to the 4th Quarter of 2022, calls about mental health concerns, unwanted guests and disturbances increased. Disorder calls accounted for an average of 221 calls a day from the public in the 1st Quarter of 2023.

Table of Contents

REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY). Disorder data is derived from the Computer aided Dispatch (CAD) system. Data is compiled by the Corporate Data and Analytics Team of the Bureau of Service & Community Support.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was *reported*, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults).   Also note that "attempted" offences are included in these totals. Violent crime, excluding robbery, is counted by the number of victims, using the most serious offence against the victim. Robbery, and all other crime, is counted by incident using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year.   Cases "cleared by charge" and those "cleared otherwise" are included in these clearance rate totals.

For a more detailed explanation of the offence counting methodology, please contact the Corporate Data and Analytics Team (Bureau of Service & Community Support).

Source: Sentry, May 2023; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

[1] Violent crimes are counted at the victim level using the most serious violation against each victim in an incident. [2] Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. [3] Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident. [4] Missing persons are counted by the number of missing individuals.

Violent Crime Numbers[3]
YTD Jan 1 to March 31 2023

[1]Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. [2]Robbery is counted at the incident level, rather than at the victim level in accordance with Uniform Crime Reporting counting standards. [3]The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

[1]Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. [2]The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

---

[1]Includes Online Citizen Reports (OCR). OCR allow for reporting of low value property damage/theft (incl. shoplifting) and property lost/found. Not all OCR submitted are entered into the police records management system.

[2] Attended calls for service, excluding callbacks.

[3] Calls for service included in the "Mental Health Related" sub-category in this section include calls specifically coded as a mental health concern or mental health warrant. It is important to recognize that any call police are asked to attend may involve some element of mental health concern, even though they are not coded as such. Calls in this sub-category are not limited to public-generated calls as on the Disorder section of this report, as a result the numbers will not align between report sections.

[4]Number of calls for service where weapons have been mentioned/observed by the caller but are not yet verified by police.

Public-generated Disorder Calls for Service[4]
YTD January 1 to March 31 2023

Range of Average ···◇··· 2022 —◆— 2023

Please note that there has been an update to the methodology for disorder going forward into 2023, involving the removal of threats and the filtering of online reports to only include mischief violations. Disorder counts will therefore not be directly comparable to previously published disorder reporting.

[1]Mental Health Concern includes calls coded as a mental health concern or mental health warrant and does not reflect all calls relating to mental health.

[2]Landlord/Tenant and Neighbour Dispute call types expired in June 2020 but are still included within the five-year average for statistical comparisons. [3] Roughly half of Property Damage calls result in Criminal Code reports, which are counted mostly within 'Other Property Crimes'. [4] The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five-year period.

NEW Calgary Impaired Contraventions (Bill 21)

Source: eCollision, May 2023

[1]The fatal collision count represents the count of collisions. It excludes collisions resulting from medical events, suicides, workplace/industrial related collisions and train-related collisions (including C-Train).

[2]Outstanding eCollisions include collision reports pending download by Alberta Transportation to the Calgary Police server.

[3]Total reportable collisions exclude collisions occuring in parking lots or private property.

Additional information on residential speed limit changes implemented on May 33rd 2022 can be found on the City of Calgary website:
https://www.calgary.ca/transportation/roads/traffic/traffic-safety-programs/residential-speed-limits.html

Source: Sentry, May 2023; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

1Violent crimes are counted at the victim level using the most serious violation against each victim in an incident.

2Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. 3Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident.

4A Due to delays in processing of these records figures are considered incomplete.

5Missing persons are counted by the number of missing individuals.

6**NEW**Provincial Bill 21 introduced new sanctions for impaired driving offences under the Provincial Administrative Penalties Act (PAPA) on December 1st 2021. See page 14 for additional detail on provincial Immediate Roadside Sanctions (IRS)for impaired driving. The implementation of the new provincial legislation (Provincial Administrative Penalties Act) has resulted in a significant reduction in impaired offences under the Criminal Code as most first time impaired drivers will be subject to only an IRS:FAIL (the specific administrative penalty under the Traffic Safety Act for criminal level impaired driving offences), unless the incident results in death or serious bodily harm or other significant aggravating factors in which case criminal charges should also be pursued.
