

Rebate Application Form

Fire Fees Bylaw 40M2003

City of Calgary Bylaw 40M2003 allows for rebates of up to 50% of fees paid where improvements have been made to the fire alarm system, or other steps have been taken, to ensure that false alarms do not occur in the building to which the false alarms relate.

Written application must be made in the same calendar year as the fees were applied and the fire department will only issue rebates where it is satisfied that the improvement, or steps taken, are likely to decrease the likelihood of a false alarm occurring.

The full bylaw can be accessed at: www.calgary.ca/fire
