

Enmax Legacy Parks Program 3 — Bow To Bluff Park

Bow to Bluff Project, Sunnyside Community

Project: This project falls under the new criteria of improving local open space. Bow to Bluff was a community led improvement plan completed in 2012. A number of high priority park improvements were identified for a series of 'triangle' parks created through the development of the LRT through the community.

Budget: \$5.92M.

Timeline: Plan is approved through Council and awaiting funding.

Status: On hold pending funding.

Benefits: This project meets the new local open space criteria. It is an opportunity to implement timely deliverables which is important in maintaining community momentum and in demonstrating support and responsiveness to community initiatives.

October 2014
