

Purpose

- This form is intended to assist in the evaluation of applications for alignment with the climate policies of the Municipal Development Plan and [Climate Climate Strategy](#).
- Information provided will be used to advance implementation of these policies at The City and inventory current practices.
- While The City encourages innovation and commitment towards meeting these policy requirements, not all applications will be expected to include features which are highlighted below.
- Scale and scope of the project are relevant considerations.
- For a helpful resource to assist in completing this form, refer to the [Climate Resilience Inventory User Guide](#)
- For assistance contact CPclimate@calgary.ca

SECTION 1: Application information

Applicant name:	Company name (if applicable):
Email:	Phone number (during business hours):
Applicant signature:	

Correspondence will be sent to only the applicant

SECTION 2: Certification

Is the project seeking green building certification?

Yes, indicate type and level:

No, explain why not:

Does the energy modelling indicate improved energy performance over energy code minimum? If yes, provide details on improved energy performance: Yes No

SECTION 3: Energy efficiency and renewables

Describe how the development will improve energy performance over energy code minimum and incorporate renewable energy generation. If no features are proposed, outline the rationale for not including.

Photovoltaics: kW rated output

SECTION 4: Low carbon mobility

Describe how the development will prioritize low-carbon transportation choices (transit, wheeling, walking) and support the adoption of electric vehicles. If no features are proposed, outline the rationale for not including.

<input type="checkbox"/> EV charging stations	Level of EV charging stations	Number of stalls	% of total stalls
---	-------------------------------	------------------	-------------------

SECTION 5: Green infrastructure

Describe the low-impact development (LID) and green infrastructure features of the proposed development, including but not limited to rain gardens, bioswales, green roofs and walls, and enhanced landscaping. If no features are proposed, outline the rationale for not including.

<input type="checkbox"/> Green roof	Area: m ²	Percent of building foot print covered by green roof:	%
<input type="checkbox"/> Permeable surfaces	Area m ²	Permeable area:	%

SECTION 6: Flood and Disaster Resilience

Describe the flood and disaster-resilience features of the proposed development. If no features are proposed, outline the rationale for not including.

Building envelope meets Passive House Standard

SECTION 7: Other features

Describe any other sustainable or resilient design features that are not captured above:

SECTION 8: Issues

To enable the City to collect information where there may be municipal obstacles to climate resilience outcomes, explain any design features that were considered, but not included, for reasons related to City regulations, standards, or processes

FOIP DISCLAIMER: The personal information on this form is being collected under the authority of section 5(1) of Bylaw 39M2018 and amendments thereto, as well as section 33(c) of the [FOIP Act](#). This information is being collected for the purpose of permit review and inspection processes and may be communicated to relevant City Business Units, utility providers, and Alberta Health Services.

It may also be used to conduct ongoing evaluations of services received from Planning & Development. The name of the applicant and the nature of the permit will be available to the public, as authorized by the FOIP Act. You may direct questions about the collection, use or disclosure of your personal information by the City of Calgary at 800 Macleod Trail SE Calgary, Alberta in relation to this program by emailing the FOIP Program Administrator for Planning and Development at plngbldg@calgary.ca or by telephone at (403)268-5311.
